

PET TENANTS

**DID YOU KNOW PET OWNERS
MAKE THE BEST TENANTS?**

PET OWNERS ARE VERY RESPONSIBLE PEOPLE

It takes a certain personality to be a pet owner. If someone can make a commitment to a living creature that needs feeding multiple times a day, veterinary care, grooming etc, then they know how to care for your property.

PET OWNERS ARE CLEAN

Pet owners have no choice but to keep things very clean. We have to do this for the health of ourselves and the animal.

PET OWNERS CAN'T HOST WILD PARTIES

Most pets don't like noise or strangers as this can be very stressful for them. As a result, most pet owners won't organise wild parties at home. We like to keep the house quiet and stick to the same routine.

PET OWNERS CAN'T MOVE

Pet owners have a limited choice of properties available to them on the market therefore are more likely to be respectful of your property and want to be a long term tenant. We have certain requirements when it comes to rental property that suits our pets e.g. not close to a major road, not noisy etc. Also, pets are territorial and don't like changes, so we prefer to remain in the same rental property long term

PET OWNERS ARE WILLING TO PAY!!

Most of us will do anything for the comfort of our pets. When we find a property we like that accepts pets, we are willing to pay a bit extra on the deposit.
